

B1 Homework for November 8-19

This Friday students will have an assessment on word problems and 2-D shapes. Pages 47-54 and 63-70 in the Homework and Remembering workbook can be used as a study guide. I will not be collecting these pages or grading them. However, I am more than happy to answer or clarify information in class on any areas.

This week and next week students have a trading card project. Students are to select a shape and complete the information following the instruction sheet. Be creative in what you use to make your trading card! The trading card is due November 19.
